*Including the Issues of July 7, 1960  
to December 22, 1960*

---

PUBLIC UTILITIES REPORTS, INC.  
WASHINGTON, D. C.

# INDEX

To Vol. 66 of *Public Utilities Fortnightly*

## Pages by Issue

July 7, 1960	Pages 1 to 72	October 13, 1960	Pages 505 to 600
July 21, 1960	" 73 to 144	October 27, 1960	" 601 to 680
August 4, 1960	" 145 to 216	November 10, 1960	" 681 to 792
August 18, 1960	" 217 to 288	November 24, 1960	" 793 to 864
September 1, 1960	" 289 to 360	December 8, 1960	" 865 to 936
September 15, 1960	" 361 to 432	December 22, 1960	" 937 to 1008
September 29, 1960	" 433 to 504		

Utility Addresses before the American Bar Association—Appendix ..... 751

*For Index to Feature Articles, see page xi.*

## Subject Index

### ACCOUNTING

- Accrued depreciation not measured by accounting computations, 60.
- Common dollar accounting and the rate base, 433.
- Liberalized depreciation—accounting methods used by 112 electric utilities, 472.
- Rate case treatment of political advertising expense, 417.
- Uniform system of accounts—state commissioners' views, 988.

### ADVERTISING AND PROMOTION

- Gas industry forges keys to competition, 505.

### APPORTIONMENT

- Cost allocations—impact upon future of natural gas industry, 512.
- Telephone separations procedures—state commissioners' views, 986.

### ATOMIC ENERGY

- AEC on future atomic power program, 245, 966.
- Cheaper atomic power through low-cost uranium, 826.
- Commercial nuclear power—consumer requirement, 361.
- Congress may split AEC setup, 826.
- Consumers Power Company's nuclear adventure, 724.
- Counter radioactivity measures and the electric utilities, 952.
- Court blockade on project licenses to be appealed, 32.
- Discount for the atom, 315.

### ATOMIC ENERGY—Cont'd

- Electric industry and nuclear energy—state commissioners' views, 983.
- Generating costs—nuclear power, 646.
- New report on atomic powers, 710.
- New York state considers atomic waste disposal, 120.
- Nuclear energy's growing pains—practical problems ahead, 245, 306.
- Progress with atomic power, fusion, and "exotic power," 901.
- Reaction to nuclear advances, 726.
- Reactor expenditures, 255.
- Recent publication—"Community Impact of Peaceful Applications of Atomic Energy," 340.
- Recent publication—"Fallout Shelter Surveys," 340.
- Recent publication—"Introduction to Nuclear Power," 56.
- State regulation and the future of nuclear power, 476.
- Supreme Court review sought by AEC, 243.
- TVA to get nuclear reactor, 34.

### BILLING

- Discounts and penalties to induce customers to pay promptly, 921.

### CAPITAL

- See Return.

### CARRIERS

- See Railroads; Transportation.

### CERTIFICATES

- Producer resistance to regulation, 692.

## PUBLIC UTILITIES FORTNIGHTLY

### CHARTS

- Average utility return *versus* bond yield, 172.
- Bell system growth, 1895-1960, 643.
- Earnings on Dow-Jones utility average 1946-1960, 324.
- Sources of funds for investor-owned electric utilities 1949-1958, 182.
- Summary of electric and gas financing 1958-1960, 111.
- Trends of utility stocks, 43, 60, 326, 471, 834.
- Yield trends of utility securities, 395, 903.

### CIVIL AERONAUTICS BOARD

- Budget report hits CAB, 965.

### COMMISSIONS

- See also Federal Communications Commission; Federal Power Commission.
- CAB hit in budget report, 965.
- Delays in the administrative process, 756.
- Duties of public utility commissioners—state commissioners' views, 981.
- FPC and industry contacts, 446.
- ICC denies irregularities, 460.
- New York paper calls state commission "pasture for politicians," 114.
- Politics and the regulatory commission, 103.
- Procedural conference being organized, 709.
- Public relations from the regulatory viewpoint, 865.
- Regulators as judges, 289.
- Regulatory commission and the press, 379.
- Regulatory commissioners from staff personnel, 871.
- State commissioners' views—NARUC convention, 979.

### COMMUNICATIONS

- See also Radio and Television; Telephones.
- Business communications, 609.
- Cable ship—AT&T to build, 899.
- Coast-to-coast solar radio hookup, 107.
- Commercial communications—future rôle, 619.
- Echo I in orbit, 391, 464.
- Facsimile mail test, 464, 827.
- FCC sets deadline for cable system sale, 178.
- Federal communications tax—state commissioners' views, 982.
- First phase of longest microwave system completed, 714.
- GE expands microwave department, 899.
- GE tests new telegraph transmission system, 248.
- Hundred years of military communications, 331.
- Impending satellite controversy, 712.
- Industry's metal usage, 390.
- Industry still under scrutiny, 320.
- Long-distance communication via satellites, 658.
- Mobile phone installed on bus, 247.
- Pioneer V lost in outer space, 179.
- Political convention, 106.
- RCA installing microwave system, 828.
- Russian telephone service, 968.

### COMMUNICATIONS—Cont'd

- Satellite plans—AT&T, 177, 322.
- Space reflector project, 464.
- State commissioners' views on communications and national defense, 979.
- Sun storms point need for satellite communications, 898.
- U. S. scores first reflector satellite, 319.
- Western Union begins training course, 108.
- Western Union establishes government offices, 829.
- Western Union plans record outlay, 565.
- Western Union protests government facsimile, 967.
- World's largest radar, 465.

### CONGRESS

- See Legislation.

### CONSOLIDATION, MERGER AND SALE

- Employee protection as condition of approving mergers or changes in service, 735.
- Railway mergers—state commissioners' views, 984.
- Western Union seeking foreign cable sale, 465.

### CO-OPERATIVES

- First REA bond sold to co-operative, 175.
- NRECA paddled in Congress, 104.

### COST OF CAPITAL

- See Return.

### DEPRECIATION

- Accrued depreciation not measured by accounting computations, 60.
- Economic depreciation and the new tax survey, 323.
- "Flow through" in California becoming effective, 468.
- "Flow through" in New Jersey and Colorado, 327.
- Georgia retains normalization; trend toward "flow through" in Virginia and North Carolina, 833.
- Liberalized depreciation—accounting methods used by 112 electric utilities, 472.
- Ohio commission adopts "flow through," 905.
- "Price level" depreciation for full replacement, 971.
- State commissioners' views on depreciation, 981.
- Study started, 105.
- Tax deferrals and "flow through" in rate making, 849.

### DIVIDENDS

- Adjusting share earnings for stock dividends, 468.
- Average utility return *versus* bond yield, 172.
- Chart—trends of utility stock groups, 43, 60, 326, 471, 834.
- Chart—yield yardsticks, 395, 903.
- Pay-out for capital in the electric power industry, 810.

## PUBLIC UTILITIES FORTNIGHTLY

### DIVIDENDS—Cont'd

- Table—data on electric utility stocks, 45, 186, 328, 473, 647, 836, 976.
- Table—data on gas, telephone, water, and transit utility stocks, 115, 256, 399, 573, 721, 907.
- Table—yield yardsticks, 44, 253, 470, 718, 905.

### EARNINGS

- See also Dividends; Finances; Return.
- Adjusting share earnings for stock dividends, 468.
- Average utility return *versus* bond yield, 172.
- Chart—earnings on Dow-Jones utility average 1946-1960, 324.
- Chart—trends of utility stock groups, 43, 60, 326, 471, 834.
- Charts—yield yardsticks, 395, 903.
- Consideration of earnings-price relationships in fixing return allowance, 994.
- Earned surplus issue to get SEC test, 473.
- Fair return and cost of money, 93.
- Offsets to attrition and regulatory lag, 585.
- Percentages earned on book values of electric utilities—averages by states, 720.
- Promoting growth in share earnings, 250.
- Public utility financing—what's in store, 681, 799.
- Reporting weather data with gas earnings, 836.
- Table—data on electric utility stocks, 45, 186, 328, 473, 647, 836, 976.
- Table—data on gas, telephone, water, and transit utility stocks, 115, 256, 399, 573, 721, 907.
- Table—yield yardsticks, 44, 253, 470, 718, 905.

### ECONOMICS

- AFL-CIO energy survey, 118.
- AT&T views its rôle in the economy of the nation, 410.
- Business and utility risk, 843.
- Economic outlook, 787.
- Forces shaping our future, 654.
- Growth without inflation, 782.
- Impact of regulated industry on national economy, 605.
- Latin American utilities' nationalization, 1.
- New recession shaping up? 569.
- Offsets to attrition and regulatory lag, 585.
- Recent publication—"Vitality in a Business Enterprise," 910.
- States expected to grow most rapidly in coming decade, 831.

### EDUCATION

- Bell's garden for growing managers, 627.
- USITA management development school, 655.
- Westinghouse to equip TV planes, 249.

### ELECTRICITY

- Annual growth rate for electric power 1948-1963, 830.
- Area development program, 406.

### ELECTRICITY—Cont'd

- Atlantic City Electric leads industry in data processing, 720.
- Chart—sources of funds for investor-owned electric utilities 1949-1958, 182.
- Cost data on gas *versus* electric heating, 253, 467.
- Counter radioactivity measures and the electric utilities, 952.
- Demand and plant adequacy in electric industry, 167.
- EEI convention, 48.
- Electric industry safety record—state commissioners' views, 981.
- House heating costs with gas or electricity, 39, 974.
- Liberalized depreciation—accounting methods used by 112 electric utilities, 472.
- Liberal line extension policies can be profitable, 297.
- Mexico nationalizes all electric power, 710.
- NRECA paddled in Congress, 104.
- Nuclear energy in the electric industry—state commissioners' views, 983.
- Pay-out for capital in the electric power industry, 810.
- Penelec's 460,000-volt transmission line—a step to cheaper power, 717.
- Percentages earned on book values of electric utilities—averages by states, 720.
- Power failure in New York city—a blockbuster, 234.
- Progress with thermoelectric devices, 42.
- Rate of return earned on rate base for different classes of Con Ed customers, 399.
- Stockholders' reports, 180.
- Table—financial stock data, 45, 186, 328, 473, 647, 836, 976.
- Thousand-mile hot lines, 639.

### EXPENSES

- See also Depreciation.
- Accounting and rate case treatment of political advertising expenses, 417.
- Advertising expenses as income, 387.
- Control of public utility expenditures, 937.
- Cost allocations—impact upon future of natural gas industry, 512.
- Economic justice and the cost of utility relocation, 699.
- "Flow through" and tax deferrals in rate making, 849.
- "Flow through" in California becoming effective, 468.
- Gas *versus* electric heating—new cost data, 253.
- Georgia retains normalization; trend toward "flow through" in Virginia and North Carolina, 833.
- Normal billing cycle degree-days—when not normal, 578.
- Ohio commission adopts "flow through," 905.

### FEDERAL COMMUNICATIONS COMMISSION

- Presidential appointment, 107.
- State commissioners' views on co-operation with FCC, 980.

## PUBLIC UTILITIES FORTNIGHTLY

### FEDERAL GOVERNMENT

Business data confidential, 896.  
Moral considerations of public service, 336.  
New York Authority in contempt? 965.  
Procedural conference being organized, 709.  
Recess appointments, 174.  
Regulators as judges, 289.

### FEDERAL POWER COMMISSION

Industry contacts and FPC, 446.  
Producer regulation, 73.  
Statement of policy still leaves problems, 715.

### FINANCES

Chart—sources of funds for investor-owned electric utilities 1949-1958, 182.  
Commercial bankers and utility financing, 481.  
Earned surplus issue to get SEC test, 473.  
Federal credit not used by railroads, 639.  
Financial outlook, 25.  
Financing expansion program of natural gas transmission industry, 535.  
Fortune criticism of AT&T fiscal policy considered and appraised, 641.  
FPC's "10 per cent return on equity" condemned by IBA, 975.  
Pay-out for capital in the electric power industry, 810.  
Public utility financing—what's in store, 681, 799.  
Security analysts—key to utility money cost savings, 945.  
Table—character of utility financing in first half of 1960 and 1959, 252.  
Table—data on electric utility stocks, 45, 186, 328, 473, 647, 836, 976.  
Table—data on gas, telephone, water, and transit utility stocks, 115, 256, 399, 573, 721, 907.  
Trillion-dollar debts alarming, 44.  
Utility financing, 109, 719, 835.  
Western Union plans record outlay, 565.

### GAS

AGA convention roundup, 911.  
Air conditioning moves ahead, 525.  
Canada's regulatory profile, 123, 217.  
Canadian import authorized, 316.  
Candidates on gas, 389.  
Coal *versus* gas—a political feud? 568.  
Cost allocations—impact upon future of natural gas industry, 512.  
Cost data on gas *versus* electric heating, 253.  
Financing expansion program of natural gas transmission industry, 535.  
FPC fixes 6½ per cent rate of return in Tennessee gas case, 398.  
FPC gas area pricing, 823.  
FPC notes record pipeline building, 562.  
Growth of gas industry charted, 570.  
House heating costs with gas or electricity, 974.  
Industry forges key to competition, 505.

### GAS—Cont'd

Justification for proposed amendments in Natural Gas Act—state commissioners' views, 988.  
Midwestern to sell temporary gas to American Louisiana, 563.  
Municipal gas elections, 561.  
Municipal ownership of gas making inroads in Florida, 573.  
National fuel gas company outlook, 266.  
Natural gas expansion, 244.  
Natural gas rate problems—state commissioners' views, 983.  
Need for stepping up gas explorations, 727.  
Net income of pipeline companies up 19.8 per cent, 567.  
Phillips decision—six years later, 576.  
Political sidelights affecting gas, 562.  
Producer regulation, 73, 692.  
Rate refunds asked, 246.  
Rates adjusted for weather fluctuations in Arizona, 470.  
Reaction to FPC area price policy, 839.  
Recent publication—"Flame Characteristics of Gas Storage Water Heater Burners," 125.  
Reporting weather data with gas earnings, 836.  
Resurrected gas lamp—more than a fad, 550.  
Safety in the gas industry—state commissioners' views, 986.  
State commissioners seek gas act changes, 897.  
Table—financial stock data, 115, 256, 399, 573, 721, 907.

### GOVERNMENT POWER

See Public Power; Water Power.

### HIGHWAYS

Economic justice and the cost of utility relocation, 699.

### INDUSTRY

Consumer's requirement for commercial nuclear power, 361.  
Demand and plant adequacy in electric industry, 167.  
Developments in water desalting, 402.  
Latin American utilities' nationalization, 1.  
Mexico nationalizes all electric power, 710.  
New concept in phono recording forecast, 321.  
Phillips decision—six years later, 576.  
Progress with thermoelectric devices, 42.  
Recent publication—"Power to Produce," 845.  
Telephone industry welcomes more co-operation, 601.

### LABOR

AFL-CIO energy survey, 118.  
Cleveland Transit labor arbitration, 484.  
Employee protection as a condition of approving mergers or changes in service, 735.  
House committee approves minimum wage bill, 38.

## PUBLIC UTILITIES FORTNIGHTLY

### LEGISLATION

- Advertising tax bill, 35.
- Carroll subcommittee hearings, 963.
- Changes in the Federal Power Act, 979.
- Committee reports "payola" legislation, 37.
- Congressional actions to date, 102.
- Depreciation study started, 105.
- Fuel study measure dies, 33.
- House committee approves minimum wage bill, 38.
- House regulatory probe nearing end, 560.
- Justification for proposed amendments in Natural Gas Act—state commissioners' views, 988.
- Lobby restrictions on congressmen, 460.
- New Congress may consider coal bills, 965.
- New laws signed, 175.
- NRECA paddled in Congress, 104.
- Oversight subcommittee report finished, 710.
- Payola legislation passed, 392.
- Public power projects in Congress, 388.
- Reclamation bureau practices hit by House report, 461.
- Session of frustration, 386.
- State commissioners seek gas act changes, 897.
- Transportation legislation—state commissioners' views, 987.
- Unfinished business, 176.
- Wage bill, 34, 392.

### MANAGEMENT

- Annual reports—new ideas, 451.
- Bell's garden for growing managers, 627.
- Control of public utility expenditures, 937.
- USITA management development school, 655.

### MONOPOLY

- Trends in application of antitrust laws to regulated industries, 773.

### MUNICIPALITIES

- How a city changed its mind, 159.
- Municipal gas elections, 561.
- Municipal ownership of gas making inroads in Florida, 573.
- Municipal water utilities—state commissioners' views, 982.
- No Portland purchase vote, 462.

### NATURAL GAS

- See Gas.

### NEWS ITEMS

- March of events, 57, 126, 197, 269, 341, 412, 486, 582, 661, 732, 846, 918, 990.

### PAYMENT

- Discounts and penalties to induce customers to pay promptly, 921.

### POLITICS

- Accounting and rate case treatment of political advertising expenses, 417.
- Appraising potential election effects on utilities, 906.
- Campaign and the utilities, 173.

### POLITICS—Cont'd

- Candidates on gas, 389.
- Coal *versus* gas—a political feud? 568.
- Fuel policy and politics, 463.
- Platforms 1960, 259.
- Political sidelights affecting gas, 562.
- Recent publication—"Convention Decisions and Voting Records," 125.

### PRIVATE ENTERPRISE

- Cuba seizes utility properties, 317.
- Gas industry forges key to competition, 505.
- How a city changed its mind, 159.
- Mountain Sheep dam urged, 461.
- Municipal gas elections, 561.
- Regulation in a competitive economy, 793.

### PROGRESS OF REGULATION

- Review of current cases, 62, 131, 203, 274, 348, 419, 491, 588, 667, 737, 853, 924, 995.
- Trends and topics, 60, 129, 201, 273, 345, 417, 489, 585, 665, 735, 849, 921, 994.

### PUBLICATIONS

- "Community Impact of Peaceful Applications of Atomic Energy," 340.
- "Fallout Shelter Surveys," 340.
- "Flame Characteristics of Gas Storage Water Heater Burners," 125.
- "Introduction to Nuclear Power," 56.
- "Law and Contemporary Problems," 56.
- "Power to Produce," 845.
- "Techniques of Plant Maintenance & Engineering—1960," 124.
- "The Image Merchants," 731.
- Utility brochures by Wall street firms, 469, 973.
- "Vitality in a Business Enterprise," 910.

### PUBLIC POWER

- Congressional projects, 388.
- FPC report on Snake river project, 708.
- Latin American utilities' nationalization, 1.
- Upper Missouri hydroelectric development, 338.

### PUBLIC RELATIONS

- Annual reports—new ideas, 451.
- How a city changed its mind, 159.
- Outage that was a blockbuster, 234.
- Public apathy countered by good public relations program, 228.
- Recent publication—"The Image Merchants," 731.
- Regulatory commission and the press, 379.
- Regulatory viewpoint of public relations, 865.

### RADIO AND TELEVISION

- Bell system proposes 50 satellites for world communications and TV, 322.
- Census reports on TV, 466.
- Eastern Tennessee TV relay, 466.
- Equal time provision suspended, 390.
- FCC receives pay TV application, 108.
- Option time upheld by FCC, 566.
- Payola legislation, 37, 392.
- Pay TV, 711, 828, 968.

## PUBLIC UTILITIES FORTNIGHTLY

### RADIO AND TELEVISION—Cont'd

- Two New York TV stations to test UHF, 179.
- Underground radio signals studied, 714.
- Westinghouse to equip TV planes, 249.

### RAILROADS

- Federal credit not used by railroads, 639.

### RATE BASE

- Common dollar accounting and the rate base, 433.
- Discrepancies among tax value, rate base value, and real value, 345.
- Exclusion of customer-owned property from rate base, 273.
- FPC plumps for area pricing, 637.
- Relation of fair return to rate base, 145.
- Trended original cost in fixing a rate base, 665.
- Trending utility plant costs, 88.
- Valuation problems—state commissioners' views, 988.

### RATES

- Baltimore Gas & Electric's increase figures clarified, 328.
- D.C. Transit fare case, 711.
- FPC plumps for area pricing, 637.
- Gas rate refunds asked, 246.
- Gas rates adjusted for weather fluctuations in Arizona, 470.
- Natural gas rate problems—state commissioners' views, 983.
- Western Union requests rate increase, 247.

### REGULATION

- ABA convention—comments of standing committee chairman, 751.
- Canada's regulatory profile, 217.
- Causes of regulatory delay, 407.
- Competitive economy and regulation, 793.
- Current fallacies, 16.
- Delays in the administrative process, 756.
- Gas producer regulation, 73, 692.
- Impact of regulated industry on national economy, 605.
- Latin American utilities' nationalization, 1.
- Phillips decision—six years later, 576.
- Philo calls for UN space regulation, 829.
- Preview of Landis' ideas, 894.
- Procedural conference being organized, 709.
- Rate making and other regulatory aspects of nationalized utility operations in England and Wales, 763.
- Regulators as judges, 289.
- Regulatory commissioners from staff personnel, 871.
- Regulatory lag—state commissioners' views, 985.
- Regulatory procedures—state commissioners' views, 985.
- Retention of utility records—state commissioners' views, 986.
- State regulation and the future of nuclear power, 476.
- Talks on utility companies at N.Y.S.S.A., 396.

### REGULATION—Cont'd

- U. S. study of regulatory showdown proposed, 317.
- What the state commissioners are thinking about—NARUC convention, 979.

### REGULATORY TRENDS

- See Trends and Topics.

### RETURN

- Allowance for construction program, 201.
- Average returns allowed in rate cases compared with bond yields, 1915-1960, 970.
- Chart—average utility return *versus* bond yield, 172.
- Consideration of earnings-price relationships in fixing return allowance, 994.
- Cost of capital—state commissioners' views, 981.
- Fair return and cost of money, 93.
- FPC fixes 6½ per cent rate of return in Tennessee gas case, 398.
- FPC's "10 per cent return on equity" condemned by IBA, 975.
- Offsets to attrition and regulatory lag, 585.
- Percentages earned on book values of electric utilities—averages by states, 720.
- Public utility financing—what's in store, 681, 799.
- Rate of return earned on rate base for different classes of Con Ed customers, 399.
- Rate of return—state commissioners' views, 984.
- Relation of fair return to rate base, 145.
- Trending utility plant costs, 88.

### REVENUES

- Advertising expenses as income, 387.
- Net income of pipeline companies up 19.8 per cent, 567.
- Normal billing cycle degree-days—when not normal, 578.

### RURAL ELECTRIFICATION ADMINISTRATION

- Co-op investment, 105.
- First REA bond sold to co-operative, 175.

### SECURITIES

- Calendar of utility offerings, 113, 325, 645, 832.
- Chart—price trends of utility stock groups, 43, 60, 326, 471, 834.
- Charts—yield yardsticks, 395, 903.
- Earned surplus issue to get SEC test, 473.
- Electric and gas utility security offerings, 975.
- Financial outlook, 25.
- Security analysts—key to utility money cost savings, 945.
- Table—data on electric utility stocks, 45, 186, 328, 473, 647, 836, 976.
- Table—data on gas, telephone, water, and transit utility stocks, 115, 256, 399, 573, 721, 907.
- Table—utility securing offerings, 254, 717.
